General C. P. Cabell, Deputy Director of Central Intelligence, states: "The Communist international propaganda apparatus, for sheer magnitude, is unique in world history. It takes many forms and assumes many disguises. There is the Moscow radio, broadcasting nearly 900 hours a week in virtually every language and dialect in the world, which are controlled or influenced by the local Communist Parties. There are the Communist front organizations, both international and local . . . Right here in the United States there are . . . hundreds of Communist fronts on the Attorney General's list of subversive organizations . . ."
